

Luxembourg, 29<sup>th</sup> November 2010

Dear financial sector colleague,

The Banque centrale du Luxembourg (BCL) is the first central bank of an EU Member State to become a member of the Islamic Financial Services Board (IFSB), a Malaysian based global standard setting institution for the Islamic finance industry.

We are delighted that the BCL will host the 8<sup>th</sup> IFSB Summit to take place in Luxembourg from 10-13 May 2011 which is themed:

**“Enhancing Global financial Stability: Challenges and Opportunities for Islamic Finance”.**

Participation in this annual event includes chairpersons, speakers, delegates, sponsors and strategic partners from among the various international inter-governmental organisations, regulatory and supervisory authorities, financial market players and service providers across the globe.

Luxembourg for Finance will be sponsoring the event and we encourage you to register or to come forward as a sponsor in order to demonstrate Luxembourg’s commitment to the development of Islamic finance and to sharpen the profile of Luxembourg as an international centre for Islamic finance.

A list of the sponsorship opportunities is circulated with this letter, together with a “save the date” notice for your diary. Potential sponsors are kindly requested to contact the IFSB directly, as indicated in the sponsorship document.

We look forward to meeting you at this important event.

Yours faithfully,

Fernand Grulms  
CEO  
Luxembourg for Finance

Yves Mersch  
Governor  
Banque centrale du Luxembourg
